Vol. 263

MONTHLY NEWSLETTER

April 2014

But as for me, I will hope continually, and will praise You yet more and more.

Psalms 71:14

I love the LORD, because He hears my voice and my supplications.² Because He has inclined His ear to me, Therefore I shall call upon Him as long as I live.

Psalms 116:12

Whoso offereth praise glorifieth me: and to him that ordereth his conversation aright will I shew the salvation of God.

Psalms 50:23

Our Lord is worthy of all praise and Honor for now and evermore! All His children everywhere should proclaim His great works!

We give thanks to God for every opportunity that He gives us to announce His greatness. In fact, all of our life should be centered upon this purpose... giving glory to God! God's greatest work in the universe is the salvation of man from sin, death, and condemnation. Through the death of Jesus Christ on Calvary, then His Powerful Resurrection, forgiveness

and reconciliation are available to all that believe on Him. This Message was made known in the eight presentations of the **Cantata** presented by the **United Youth Choir** during this year's **Easter Tour**. God's blessing was upon the sixty-five youth in the choir. They had perfectly learned the songs containing majestic music and messages showing God's Greatness and Sovereignty. The young people were used to bless many who attended the services; some who were hearing a clear and true presentation of the Gospel of Christ

for the first time! Also, many believers in the meetings were encouraged in their faith to be faithful in their daily lives and witness for the Lord. God has graciously allowed this choir to be a part of the ministries at MITC for many years. There are two sides to the choir ministry. One side is proclaiming the Gospel of Christ in an open way through the opportunities that God gives during the concerts and services by using these musical talents. The other side is the spiritual development and growth in the Word of God of each of the choir members. The students practice every Saturday evening from two to four hours all year long. During the practice time, they not only learn the Scriptures through the messages they sing, but also through studies and devotionals prepared for them. This in turn is a great blessing for the youth, their families and for the fifteen churches represented in the choir, all of which are part of the MITC outreach in the region. There are many things in this world that can hinder our youth from following the Lord. This choir has been a great blessing in the lives of each member. We are especially thankful for the ministry of **Marco and Esdras (Ez) Barroso** that are in charge of the United Youth Choir ministry and are greatly used by the Lord.

VCM Project Site

Basilio & Veronica

We thank the Lord for the opportunity to begin a new construction project here on campus, in which we also desire to glorify Him. The building will be on the property next to our Chapel and will contain three large classrooms to help accommodate our students in **Full Time Bible School, Saturday Seminary and Christian Music School**. One of the

rooms will be designated as a Music Room. From time to time, these same classrooms will be converted into **Operating Rooms, Consult Rooms, and Pre and Post Op wards** for our visiting medical and surgical teams from the United States. These teams honor the Lord and give testimony to the love of Jesus through the use of medical skills, consults and surgical procedures performed free of charge for people with great needs in this part of Mexico. These new medical facilities will

Rabbits

be especially useful during our eye surgery campaigns, dental services and general consult clinics. The plan for the 2nd floor will be rooms and dorms to house our visitors who come to serve with us and also for attendees to our camps, **Bible Conferences** and **Congresses**, held throughout the year. We have named this building the **Villa Classroom Medical project** (VCM Project). We pray that the Lord will receive glory in its provision and use.

Two of our graduates from the Full Time Bible School, **Basilio** (2013) and **Veronica** (2011), gave glory to God by joining in marriage to form a family that will serve the Lord. The wedding was in Vero's small Chinanteco village of "La Soledad." Both of these brethren have been serving the Lord as

missionaries in **Puebla** and we know the Lord will continue to use them in His work. We give thanks to God for this new family.

Many of our students, like Veronica, come from the rural areas in the mountains. For the people in these areas living in a subsistence economy, their basic needs have to do with nutrition. So, agriculture and animal husbandry are fundamental in a family's development. For many years, part of our program in the Full Time Bible School has included home gardening and animal husbandry. Our students learn to grow vegetables (and to prepare and eat them) and also how to raise chickens, laying hens, rabbits and pigs. As they return to their missions, these techniques become very valuable helps for nutrition and home economy. The vegetables and meat from the programs also benefit the food needs here on campus. We thank the Lord for these things, in which we also seek to glorify His name.

May the Lord bless each of you. Thank you for your prayers, love and support for us, and may we all give Him Glory each day. As Paul says, "**Whatever you do in word or deed, do all in the name of the Lord Jesus, giving thanks through Him to God the Father.**" Col 3:17
